June 2020

Greetings!

Please find attached the annual town meeting warrant. The town meeting will be held at **9:30am on Saturday, June 27th** at the firehouse **PAVILION BEHIND THE FIREHOUSE.** This letter is included to clarify some matters contained in the warrant.

We will again be using the services of CART (Communication Access Real Time Translation) for the hard of hearing.

The Finance Committee will hold its annual informational meeting on Friday, June 26th at 5pm at the pavilion behind the firehouse. The Finance Committee will explain the warrant and answer any questions you have about particular items.

As we take small steps back to a normal life, the Select Board and Finance Committee present to our residents the annual town warrant. This document was developed during the difficult times of Zoom meetings, state projections that seemed to change on a daily basis and the overriding need to create a budget that allowed the town to continue functioning while realizing that the future was less than clear. We still don't know how large the loss of state funding will be, especially how it will affect our regional school district and, how that will affect Monterey's budget. With all the financial unknowns we have crafted a budget that allows us to move forward and puts us in position to weather whatever comes. It does not answer all the needs of our various departments but we expect to hold a Fall Special Town Meeting to review and make any changes necessary after we have received more guidance from state officials. Thank you for your support and we look forward to your input.

Article 3 - Budget items:

- All elected officials and employees are receiving a 2% cost of living (COLA) increase plus a 1.5% raise, additionally. The Sergeant salary is increasing by $3,000 as required by the hiring agreement which was designed to bring the salary for this position in line with other towns. The positions of highway member foreman and Hwy #2 are receiving the 3.5%, but the dollar figure is lower from FY19 as the persons in the positions are different. The elected Board of Health has declined a raise. There are four positions - administrative assistant, police chief, director of operations and foreman - that all have an additional sum of money added to their salary as per an agreement with the select board, which was also approved by the Finance Committee. That money will compensate for the difference in cost to them of accepting a 75/25 health insurance premium split. For those employees, the town had been paying a higher proportion of the health insurance. Now the split is the same for all employees. The salaries for the Town Clerk, Community Center administrative staff, building department and library all include an increase to their working hours as well. The transfer station attendant hours reflects one less work day due to the 4th of July falling on a Saturday and the hours do not need to be made up as the transfer station is already open on Sundays.
- Line 151 Additional counsel expenses has increased due to three lawsuits pending against the town.
- Line 154 Meeting warrants printing and postage has increased to cover the costs to cover printing the warrants commercially.
- Line 422 Machinery & Tools was combined into line 422 Highway Operations at the request of the Finance Committee.
- Health insurance: This figure includes coverage for the 8 current eligible employees and the 2 new hires (town administrator and filling the vacancy in the highway department).

Articles

Articles 5-8 – These 4 articles address prior year deficits.

Article 11 (corrected article #) –Last year this was presented as a citizens' petition for the same amount of money, $30,000. The Select Board and the Finance Committee did not support it, but the town meeting included the money in the budget. Rather than burden the members of the same group with the process of gathering signatures again, the Select Board agreed to put the request on the warrant. However, both boards advised that they would not support the article at town meeting.

Article 13 (corrected article #) – This funds the retirement health insurance fund which has been severely underfunded for many years.

Article 14 (corrected article #) – This pays for the town's portion (50%) of the six retiree's Medex health insurance plans.

As a result of the coronavirus pandemic, difficult decisions had to be made while preparing this budget. Most of the decisions were ultimately supported unanimously by the members of the Select Board and the Finance Committee. One member of the Select Board recommended further reductions in some instances, but the Select Board believes that this budget adequately responds to the current needs of the community while preserving sufficient reserves to deal with any possible reduction in revenue.

Both boards have agreed to use $415,950 of free cash to reduce the tax burden. That would leave $25,000 in free cash to be carried forward into 2021, as is allowed under the COVID emergency legislation. **Free cash is money that the residents have already been taxed on**. Free Cash is the remaining monies from accounts that did not use their full allotment for the year added to the fees the town takes in for such things as dog licenses, building permits, transfer station stickers, etc.
