**Subject:** Statement made to Officer Fredsall

Hi Melissa,

Please forward this email to the Select Board so they'll have the exact statement I made to Officer Fredsall when she was in civilian clothes at the town hall in front of Sergeant Johnson and Melissa Noe. I made the statement when it appeared Sergeant Johnson was about to chastise Officer Fredsall as I know he has done on numerous occasions. My exact statement is:

"You clean up well when not in uniform".

This is a common phrase I use when speaking to someone both **male and female** who are in different attire then they usually wear. I would say it to each of the Select Board members if they came in wearing dress clothes and clean shaven. This is in no way putting them down or sexual harassment.

Sincerely,  
Rudy
