RE: Marino, 30 Prescott Lane

Dear Members of the Board:

Enclosed please find eight (8) copies of the revised Proposed Site Development Plan for Darren & Lisa Marino. The revised site plans show us moving the house back 6' further from Lake Buel and committing to relocating the tight tank to ensure there will be no conflict with the proposed porch.

We will submit copies of these plans to the Conservation Commission for their record and apply for the Disposal Works Construction Permit for the tight tank work from the Board of Health prior to the issuance of a building permit.

Sincerely,

*Brent M. White/mlc*
