

**E3114**  
**Beartown Mountain Roadway Improvement Project**  
Monterey, Massachusetts

**ADDENDUM #3**  
**October 10, 2023**

The Original Bid Documents, including the Contract Documents, Specifications and Plans, are hereby amended as noted in this Addendum No. 3, dated October 10, 2023. Contractor shall acknowledge receipt of this addendum by inserting its number and date in the space provided in the Bid Documents.

1. *Question: Are you looking to reclaim the CaCl into the processed gravel? I'm hearing the rate is generally 1 gal per SY. Or are you looking to put a cap on the road once complete which I hear is at a rate of .25 gal/sy?*

**Answer: The new gravel will be treated with .4 gal/SY of a 38 percent solution of Calcium Chloride, then fine graded and compacted. The new surface then gets capped with .27 gal/SY. The work sequence would be to install the new material until complete to the work limits. Then scarify the entire surface and install the first application. Then fine grade and compact the entire surface and cap with the second application.**

2. The date and time of the bid opening remains on October 26, 2023 at 2:00 PM at Monterey Town Hall, 435 Main Road, Monterey, MA 01245.
3. Please acknowledge receipt of this Addendum #3 on the Bid Proposal Form.
